**Kwame Asante**  
**Principal**

Hubbard scholars,  
Looking back on this past academic school year, it has been my pleasure to serve you as Principal. I have had the luxury of watching you roam the halls of the ?HUB? living for today because in your mind today is all that matters. However, as you venture forth, know that the educators and acquaintances you encountered during your time here at the ?HUB? has prepared you on many levels for life's challenges. As you live in the moment of today, remember that tomorrow and its uncertainties await your embrace. And on your life's journey never forget to Try it Out? Take a Chance? You can do it..because You Never Know Until You do? Try it Out. I thank you for the memories and wish you all the best that the next level of your development has to offer.

**Dr. Najla Solomon**  
**Vice-Principal**

It is a proud honor to be your vice principal. Throughout my time at Hubbard I have had the opportunity to see you evolve into young ladies and young men. As you branch off to high school remember that you must take life seriously, take initiative, be goal-oriented, and most of all surround yourself by those who will inspire you, support you and mentor you. Remember ?The size of your success is measured by the strength of your desire; the size of your dream; and how you handle disappointment along the way.? ? Robert Kiyosaki
